*Number One in Spill Control*

### 实验室桌上型盛漏托盘

- An extremely versatile addition to any workshop, lab or dispensing area. Large enough to hold up to 6 25Litre containers yet small enough to fit on the workbench.
- Even when carrying the maximum number of containers it still complies with the 110% ruling as the tray will still hold 60 Litres.
- The unique sump bed will catch small drips and leaks and keep the bottom of the containers dry and free from sitting in any spilt liquids.
